

# Building Educator Capacity to Support Digital Learning

PowerSchool is here to help as you make plans for the summer and upcoming school year during these unprecedented times. Our astounding team of educational experts can help your district faculty and staff strengthen their skills to design and deliver effective digital learning. Our programs will help you create online or blended learning opportunities for all students to effectively meet their diverse learning needs.

## Personalize the learning for educators in your district with our powerful professional learning options!

### Innovating

Sustained, Standards-Aligned, and Research-Based Approach

#### Blended Learning Leader Academy

- Extensive 9 month professional learning program
- Design, implement, and refine dynamic lessons using a variety of blended learning models
- Sustained in fully online, blended, or face-to-face environment
- ISTE standards aligned:

ISTE only awards recognition after an extensive review process. Reviewers commented that the Blended Learning Leader Academy has shown to “consciously, purposefully and meaningfully support best practices for digital age teaching and learning.”

- Individual or team-based approach
- One-on-one coaching and personalized support

# 97%

of educators stated that they gained new knowledge and skills and they plan to implement their new learning

This professional development opportunity provided me with many tools to **enhance instruction**. It also provided me with the tools to **increase engagement and rigor** in my classroom.”
